RE: S/041/013

Dear Mr. Hedberg:

In response to your request for additional information on our recent Notice of Intent to commence mining activities on MM35K claim, Sevier County, Utah, this is not a new location. We have simply filed with the BLM for 1992.

I am enclosing a copy of the map that we supplied to the BLM.

I hope this satisfies the requirements you stated in your letter of April 20, 1992.

Sincerely,

*Kelly R. Park*
